

**Deere-Hitachi
Sprocket (#AT218227 and # P64306)**

March 2004

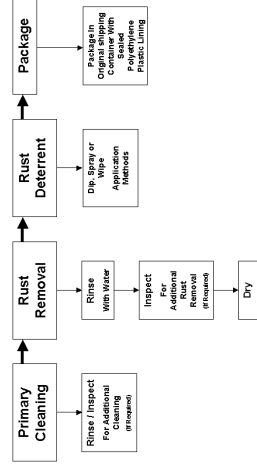

Target And Remove Rust

Before / After Rust Removal Comparison

This picture sequence provides detailed before and after rust removal comparisons for a Lot Quantity of Sprockets that were processed at Cetex Industries, during March 2004 using Cetex Industries "Rust Ranger" proprietary "84-4C" Rust Removal Compound. The parts were processed by Dip- Soak Method, and did not require any special handling.

The Sprockets were coated with RD – 4100 Light Oil Film Rust Deterrent; to provide Rust Deterrence.

Parts As Received Prior To Processing
