## Front Axle – Forklift

February 2007

Target And Remove Rust  
1175-109 - 5

### Before /After Rust Removal

This picture sequence provides detailed before and after rust removal comparisons for a series Forklift Front Axle that were processed at Cetex Industries, during February 2007 using Cetex Industries "Rust Ranger" proprietary "84-4C" Rust Removal Compound with Cetex Industries proprietary processes and processing equipment.

These Axles weigh 298 Lbs / Each

The Axles was processed using Cetex's Dip-Soak Removal Method.

After processing Axles were coated with RD - 4100 Light Oil Film Rust Deterrent; to provide Rust Deterrence
